

CHAMPION THE LEADER WITHIN

MAY 8

Great leaders don't just happen — they're developed.

That's why I [or insert business name] am/is inviting you to invest in your team by sending them to Leadercast Springfield 2026— a leadership event designed to equip people in your organization at every level with practical, immediately usable leadership skills.

Date: May 8 from 8am-1pm

Location: Real Life Church - Springfield, IL

Through live elements and video sessions, leadercast offers a refreshing experience that's engaging, fun, and approachable while still delivering highly recommended, top-tier leadership content from proven leaders and speakers. Your team will feel energized and inspired, and they'll return with tools they can apply immediately to strengthen your workplace culture and performance.

There is no cost for you or your team to attend this event.

Why we love Leadercast:

- Turns potential into confident, capable leader
- Boosts engagement (and yes, helps people stick around)
- Delivers big takeaways in just one energizing day
- Feels more like a cool day of development with other local leaders than “another training”

Whether you send emerging leaders, new people, or your entire team, Leadercast is a half-day investment that pays dividends far beyond the event itself.
